SAi
FLEXI
THE LEADING SOFTWARE FOR SIGNMAKING

SAi FlexiPRINT SE12 Mutoh Edition RIP Software
for Mutoh's ValueJet Printers & Sign Cutting Plotters

The easy FlexiPRINT SE12 Mutoh Edition RIP solution, compatible with Mutoh's roll-to-roll wide format printers & sign cutting plotters, includes all the fundamentals for the single-workstation environment. Send jobs directly from popular design applications such as Adobe Photoshop® and Illustrator®, CorelDRAW® and CAD/AEC/GIS enginee-ring solutions. Print automatically or manually tile and nest jobs before printing to a single printer. Enjoy the industry's most seamless print-and-cut workflow allowing you to add multiple contour cut lines to any design in a matter of seconds.

Product Highlights

- Newly developed enhanced stochastic screening for smoother output
- Drives one wide format printer and one vinyl cutter
- Open or drag-and-drop TIFFs, JPEGs, EPS/PS and PDF files directly into the print queue
- Print-and-cut workflow enabled that allows multiple contour cut lines
- Print directly from creative applications
- Fast, native PDF RIP handles file transparencies and complex files with ease
- Scale, crop, tile and colour correct in seconds right from within the software
- Save the most media with automatic or manual nesting of jobs
- Automatically match PANTONE- spot colours
- Get more vibrant red, greens and blues with the unique CleanColor™ feature
- ICC media profiles to give you the print results you want. Visit the download section @ www.mutoh.eu

MUTOH

SAi FlexiPRINT SE12 Mutoh Edition RIP Software

Features List

General Printing Features	Receive Jobs from Local or Network Computer
	Print from any Application
	Printer & Cutter Drivers
	Allows up to 50 setups (pre-configurations) & Make Setup Active / Inactive
	Manual Job Sorting
	Print Wizard
	Presets (Print mode & printer settings) – Save, Load, Import, Export
	Output size compensation
Supported File Formats	Vector Formats (AI, EPS, PDF)
	Bitmap Formats (PSD, TIF, JPG, PNG, BMP)
	Native Files (PRT, PLT)
	DCS (Desktop Colour Separation)
	Flexi (FS), PhotoPRINT (PD)
	Microsoft Windows Metafile (WMF)
Job Control	Layout (Media Size, Job Size, Position, Copies/PDF page handling), scale & mirror
	Workflow (Job Repeats & Action after output)
	Color Management
	Printer Options – Full printer control
	Cut – Contour cutting control
	Nesting & Tiling
	Labels and Print Marks
	Color Adjustments (Contrast, Vividness, Brightness, Hue adjustment)
RIP	Native PDF RIP
	RIP Multiple Jobs Simultaneously
	White, Metallic Ink and Varnish Support
	Choke / Bleed
	HMTL-Based RIP Log for Production, Reporting
Dither Methods	SO Diffusion, Error Diffusion, Error Diffusion 2, Enhanced Stochastic, Enhanced Stochastic 2, Angled Screen Diffusion, Super Cell Halftoning, FMXPress Diffusion, LX Diffusion

Hardware Requirements

Operating System: Win 7 x32/x64, Win 8.x x32/x64, Win 10 x32/x64
RAM: 4 GB
Screen Resolution 1024 x 768
Hard Disk Drive: 250 GB

Package Content (part Number : FPSEME12)

The DVD-box only includes a cloud activation code, but no installation disc. To activate the RIP license, instructions are included.
Note: High Speed Internet required for initial software download and activation
