MEET THE imagePROGRAF TM SERIES

The Canon imagePROGRAF TM series brings printer and scanner together in a single, compact integrated device – delivering faster workflows, sharper output and effortless operation for smaller AEC firms, retail, hospitality and education environments.

SCAN AND PRINT AS ONE

- Fully integrated printer and scanner in a single device reduces installation time
- Single IP address simplifies network management across a multi-user environment
- More compact than separate printer and scanner configurations, ideal where space is at a premium

ENHANCED PRODUCTIVITY

- Faster scanning, parallel data processing and quicker print output combine to accelerate scan-to-print rate
- Print speed of 3.2ppm/AI (TM-610/615/610M) for faster output across high-demand workflows
- Large hot swap ink tanks of up to 300ml* keep high-volume environments running without frequent interruption
- Borderless printing eliminates the need to trim excess margins, saving time and reducing waste

MEET SUSTAINABILITY GOALS

- EPEAT 1.0 Gold & EPEAT 2.0 Bronze certifications†
- Made using more recycled materials – 25% recycled plastic, 5% recycled metal
- EPS-free packaging
- Low noise operation, ideal for quiet office environments

PROFESSIONAL QUALITY, FROM SCAN TO PRINT

- New high-density MBK ink for sharper, high-definition thin lines
- Enhanced image processing for cleaner technical detail across every print
- Improved colour mapping on plain paper for darker, more vivid results
- CIS scanner‡ with dual-sided LED illumination reduces crease shadows and restores old or folded documents closer to their original quality

EFFORTLESS OPERATION

- An upgraded 5" tiltable touchscreen‡ is the largest among competitors, displaying media type, ink and media levels at a glance
- Flat-top cover allows quick roll paper loading and doubles as a surface for scanning large originals
- Supports Apple AirPrint, Mopria and IPP Everywhere for effortless driver-free printing with different devices

SOFTWARE

- The imagePROGRAF TM series comes with a suite of software solutions to ensure a seamless printing experience
- Direct Print Plus, Free Layout Plus, PosterArtist and Accounting Manager help you avoid misprints, visualise prints and ensure optimum media use, create attention grabbing posters and more

SCAN, PROCESS, PRINT – SEAMLESSLY AS ONE

For teams that need to do more from a single device, the imagePROGRAF TM-510M and TM-610M take productivity to the next level with a fully integrated printer and scanner in a single compact device. Its small footprint fits comfortably everywhere, offering flexibility without compromising on performance. One power source, one IP address and a significantly reduced installation time cut complexity from day one. The MFP models accelerate simultaneous scanning, copying and print from a single point of control, to deliver sharp and vivid output for all applications.

*For imagePROGRAF TM-510/515/610/615 & TM-510M/610M. †Registered in the U.S. ‡For TM-510M/610M.

imagePROGRAF TM SERIES SPECIFICATIONS

With a range of large-format SFP and MFP models, the TM series delivers professional image quality with vivid colour and a superior experience aligned to the demands of your workspace.
