

Large Format Media Price List 2026/27

Waterbased inkjet papers, films, banners, canvas and specialist media

Large format printer solution specialists since 1991

We are now in our 36th year supplying large format printer solutions, and have sold over 7,000 printers to architects, engineers, photographers and signage businesses across the UK. That experience goes into choosing every roll of media we supply.

This price list covers our full range of Design Supply waterbased inkjet media - from everyday CAD and matte coated papers, through FOGRA-certified proofing papers and photo papers, to films, banners, canvas, fine art papers, self adhesive media, wallcoverings and textiles. Each product has been selected for print quality, compatibility across Canon, Epson and HP large format printers, and value for money.

Not sure which media suits your printer or application? Call the sales team on **020 7842 1555** and we will recommend the right product for the job. Our people are what make Design Supply different - you can meet them on page 2.

Kind regards,

Alistair Wright - Managing Director

Meet the Team

Our people are our difference. When you call Design Supply, you speak to experienced specialists who know large format inside out.

Alistair Wright
 MANAGING DIRECTOR

I started this business at home in 1991, and have sold every technology from ammonia blueprints and pen plotters to today's inkjet printers. Customer service is everything to me - and our reviews show the team deliver it time and again.

James Wilson
 SALES MANAGER

Over fifteen years at Design Supply. James advises on media, consumables and virtually anything else you need, and will recommend products that make your images look incredible.

Christopher Fearon
 SENIOR ACCOUNT MANAGER

Over ten years at Design Supply. Chris is our plan chest specialist - he has supplied hundreds all over the world - and an expert on media and paper.

Andy Wright
 BUSINESS DEVELOPMENT MANAGER

Over 30 years of IT in the creative industry. Andy advises on profiling, RIP software, calibration and complete colour management, so your whole print workflow works together.

Kevin Wilson
 OPERATIONAL DIRECTOR

Kevin makes sure all your paperwork is in place from day one, so if there is ever a problem we can resolve it quickly.

"I have a passion for customer service. To me that is everything - and if you check our reviews, you can see that my team deliver this time and time again."

Alistair Wright, Managing Director

Photo Papers

Lustre, satin, gloss and semi matte photo papers for posters, displays and photography.

Product Description	Code	Product Reference	Size	Pack	Price*
DS Semi Matte Paper 150gsm					
A 150gsm (170mic) new technology paper with a low sheen, highly absorbent, quick drying coating and a colour gamut comparable to microporous coated papers. Ideal for low cost photographic quality posters. It contains no polyethylene layers making it completely recyclable. It is smudge resistant but not water resistant. Cockle free with appropriate printer settings. DS Optically Clear Film 110mic

An ultra clear, transparent, gloss polyester film with removable white side stripes. The specialist coating allows for the heaviest ink weights using pigmented inks to give the widest colour gamut available. The removable white side stripes allow the printers media recognition sensors to recognise the film, enabling easy loading. Uses include overlays, window advertising, packaging and label sampling. This film will need to be protected with a laminate to be waterproof.

Volume pricing available on 10+ rolls - call for a price.

Canvas

Cotton, poly-cotton and polyester canvas for photographic and fine art reproduction.

Product Description	Code	Product Reference	Size	Pack	Price*
DS Essential Cotton Canvas 330gsm A matte, bright white, cotton rich canvas with a quality look and feel at an outstanding price. Ideal for users needing a more authentic looking canvas than polyester. Great for photo reproductions as it's completely seedless and has a good canvas texture with excellent crack resistance. The coating gives a wide colour gamut and good water resistance with pigment inks so can be protected with a waterbased varnish. Dye and pigment ink compatible. <i>Volume pricing available on 10+ rolls - call for a price.</i>	DSCV01-432-30	DS Essential Cotton Canvas 330gsm 432mm x 30m	432mm x 30m	1 Roll	£54.38

DS Ultimate Textured Photo Canvas 410gsm A matte, bright white, heavily textured, cotton and polyester blend canvas that is ideal for the reproduction of paintings and photos. The added polyester allows for easy stretching and minimal shrinkage when varnished compared to 100% cotton and the strong weave gives an authentic canvas look. The coating provides a wide colour gamut and good water resistance with pigment inks so can be protected with a waterbased varnish. Good crack resistance. Dye and pigment ink compatible. <i>Volume pricing available on 10+ rolls - call for a price.</i>	DSCV02-610-18	DS Ultimate Textured Photo Canvas 410gsm 610mm x 18m	610mm x 18m	1 Roll	£58.41

Instant drying, waterfast, and scratch resistant coating. Polypropylene is a popular substitute for both paper and vinyl. It does not stretch like vinyl or tear like paper so is easier to handle in certain circumstances. Can be laminated with cold, pressure sensitive laminates for added protection outdoors. Overlapping the edges of the media with laminate prevents water ingress and delamination. Compatible with dye and pigment inks. Waterfast with pigment inks using photo black ink. <i>Volume pricing available on 10+ rolls - call for a price.</i>	DSSA03-432-30	DS Matte Polypropylene Self Adhesive 100mic 432mm x 30m	432mm x 30m	1 Roll	£31.72

Wallcoverings

Repositionable wall fabrics and printable wallpapers for murals and interiors.

Product Description	Code	Product Reference	Size	Pack	Price*
DS Repositionable Wall Fabric 200gsm An innovative polyester fabric with a removable glue back that is ideal for bespoke wallpaper designs, exhibition graphics, large murals etc. It can be removed and repositioned without damaging the wall and leaves no residue. Will not rip or wrinkle and is water-resistant with pigment and Latex inks. Note: This product has a 3" core <i>Volume pricing available on 10+ rolls - call for a price.</i>	DSWC01-610-30	DS Repositionable Wall Fabric 200gsm 610mm x 30m	610mm x 30m	1 Roll	£112.46
	DSWC01-1067-30	DS Repositionable Wall Fabric 200gsm 1067mm x 30m	1067mm x 30m	1 Roll	£196.73
DS Opaque Repositionable Wall Fabric 220gsm A 95% opaque polyester fabric with a removable glue back that is ideal for bespoke wallpaper designs, large murals etc. Compared to our standard repositionable wall fabric, the high opacity coating greatly reduces show-through from coloured backgrounds. It can be removed and repositioned without damaging the wall and leaves no residue. Will not rip or wrinkle and is water-resistant with pigment and Latex inks. Note: This product has a 3" core <i>Volume pricing available on 10+ rolls - call for a price.</i>	DSWC02-610-30	DS Opaque Repositionable Wall Fabric 220gsm 610mm x 30m	610mm x 30m	1 Roll	£140.83
